

Corporate Actions Adaptation Plan

[Implementing Actor]

Activity	Corporate Actions
Plan submitted by	Euronext Securities Porto
NSG	Portugal
Date	March 2024

Background

The Adaptation Plan provides information on the changes which will be implemented to meet the SCoRE Standards for Corporate Actions which form part of the Single Collateral Management Rulebook for Europe (SCoRE). Full details of the Corporate Actions Standards can be found on the [ECB website](#).

The document is structured as follows: Section 1 (Cover Letter) provides a high-level summary of the changes in order to implement the SCoRE Standards. Section 2 (Adaptation Plan Table) then provides a more detailed overview per Standard covering a feasibility assessment and the implementation milestones.

1 Cover Letter

Regarding Corporate Actions there are some adaptations required, namely:

- Standard 1 (Harmonised business process and workflows per CA event - implementation of ISO 20022 messages; implementation of Movement Preliminary Advice/Cancellation and CA Event Processing Status Advice; implementation of Reversals);
- Standard 2 (Provision of data necessary for calculation of proceeds for the CA events currently not available);
- Standard 3 (Consistency of information provided by Issuer CSDs, Investor CSDs & Custodians for the CA events currently not available);
- Standard 4 (Rounding rules for cash payments);
- Standard 8 (Cash and security movements must be executed simultaneously, using the T2S night-time settlement (NTS) functionality);
- Standard 9 (Notification of processing status);
- Standard 10 (BIDS and EXOF to be implemented);

- Standard 11 (Availability of default options, if necessary, for the corporate actions with options not yet implemented - BIDS and EXOF);
- Standard 13 (Reversal of CA movements);
- Standard 15 (ISO 20022 messages for corporate actions).

For each standard, the implementation date is the one reported in the Milestones table if not differently mentioned in the Implementation Milestones column.

With reference to non-debt securities, it should be noted that the related Milestones Table included in the document, aiming at June 2025 for implementation, is still in its preliminary phase and subject to further review and refinement .

The Milestones Table for non-debt securities should also be considered for the other standards when applicable to non-debt securities.

Additional Information	Rounding rule no. 1	For cash payments, the cash amount to be paid is to be rounded down to the number of decimals permissible in the payment currency (i.e. to 2 decimals in case of EUR payments).Accordingly, and as an example, a cash amount of EUR 2.556 should be rounded down to EUR 2.55	Adaptation Required	For cash payments, the amount to be paid needs to be rounded down to the number of decimals permissible in the currency, in case the next decimal number is below 5.	N/A				
	Rounding rule no. 2	For securities movements, the securities amount should be rounded down to the nearest full unit ¹ . The Minimum Settlement Unit (MSU) ² of the security shall determine whether the nearest full unit is a whole number (for	Implemented						

¹ For equities, the rounding-down applies on (I)CSD level for the total position held for one (I)CSD participant and not per share. Accordingly, an entitlement to receive 9.33 shares would be rounded down to 9 i.e. the nearest whole number.

² The MSU should be determined in accordance with the guidance contained in question 4.2 of the T2S Corporate Actions Standards [FAQ](#).

	example 1) or another number ³ (for example 1.1).																																																																				
	Rounding rule no. 3 For the calculation of cash payment amounts or securities movement amounts relating to a specific securities account, the ratio applicable to the entire issue should be applied to the total holding in the parent ISIN on the securities account. (There should be no intermediate step whereby a ratio per 1,000 nominal is calculated, and then applied).	Implemented																																																																			
	Rounding rule no. 4 The ratio specified by the Issuer CSD in the event notification should be passed on in its entirety in the event notification sent by all Account Servicers and Custodians in the custody chain. (There should be no rounding up, or rounding down, or truncation, of the ratio).	Implemented																																																																			
5	Negative cash flows <i>Issuer CSDs and Investor CSDs shall support the processing of corporate actions where the underlying security has a fixed negative interest rate or a floating rate coupon. Any negative interest shall result in a cashflow from the Investor to the Issuer which shall be processed using the Interest Payment (INTR) event.</i>	Not Applicable	Euronext Securities Porto accepts only securities with a positive interest rate, or with a floating rate coupon with a floor of zero or above (fixed in the terms and conditions of the security), so that negative cash payments do not occur. ³ Investment fund units may contain up to 6 decimals.

	Securities with a fixed negative interest rate, or with a floating interest rate, may result in a payment from the Investor to the Issuer of the security. The Standard is applicable to CSDs acting in their role as both Issuer CSD and Investor CSD. If a CSD accepts only securities with a positive interest rate, or with a floating rate coupon with a floor of zero or above (fixed in the terms and conditions of the security), so that negative cash payments do not occur, then the CSD is deemed to comply with this standard.

This plan applies for debt instruments. For non-debt-instruments the plan is presented in standard 2.								

⁵ It is expected that payments will be made by 09:30 (Issuer CSD time) to facilitate collateral management. AMI-SeCo will carry out regular fact-finding exercises to monitor actual CA payment times. Payments in Eastern timezone currencies (e.g. Japanese Yen) are expected to be processed in the nighttime settlement.

	<p>If a Corporate Action cannot be processed on the previously announced Payment Date in accordance with the timelines specified in Standard 8, Issuers and their respective agents shall be responsible for providing information to the Issuer CSD on the reasons for the delay in the processing of the Corporate Action. Upon receipt of the information from the issuers and their agents, the issuer CSD must send a notification message containing this information to its participants as early as possible, but no later than 12:15 on the payment date for European currencies and 16:45 on the payment date for non-European currencies (Issuer CSD time). The issuer CSD must also notify its participants of any issues at CSD level which impact the payment of CA proceeds as soon as possible. 	<p>A holder of a security may be entitled to receive a fee following the announcement of a meeting fee. This fee may be paid to all holders of the security or alternatively only to certain holders of the security fulfilling certain criteria. The different constellation of options which may lead to the payment of a meeting fee are outlined below:</p> <p>A bond/shareholder has to instruct (a certain option until a certain deadline) in order to receive the payment.</p> <p>A bond/shareholder has to instruct early (a certain option until a certain deadline) in order to obtain an early incentive premium. The bond/shareholder then receives the rate announced in the early incentive premium field.</p> <p>All bond/shareholders receive the fee without having to participate/instruct at the meeting – the rule is as follows: everyone who has a holding as of a certain date (record date) will receive the fee.</p> <p>In addition to the above use cases, the event may also include a condition that resolutions have to pass at the meeting in order to receive a fee.</p>																																																																				

13	Reversal of CA movements <i>A pre-advice message must be issued in advance of any reversal of a CA. The Account Servicer must send a reversal announcement before the reversal is processed to allow the recipient of the CA payment sufficient time to pre-fund the reversal of the CA proceeds before the reversal takes place.								

14	Processing of foreign currency CA payments	To process payments in currencies not eligible in the settlement system, the CSD must instruct the cash correspondent to debit the account of the paying agent and to pay the funds to an account of the security holder. The CSD must send only the corporate action confirmation to the security holder only upon receipt of the confirmation from the cash correspondent that the cash has been transferred successfully.
