

Mobile-Proxy Lookup (MPL) Service in TIPS

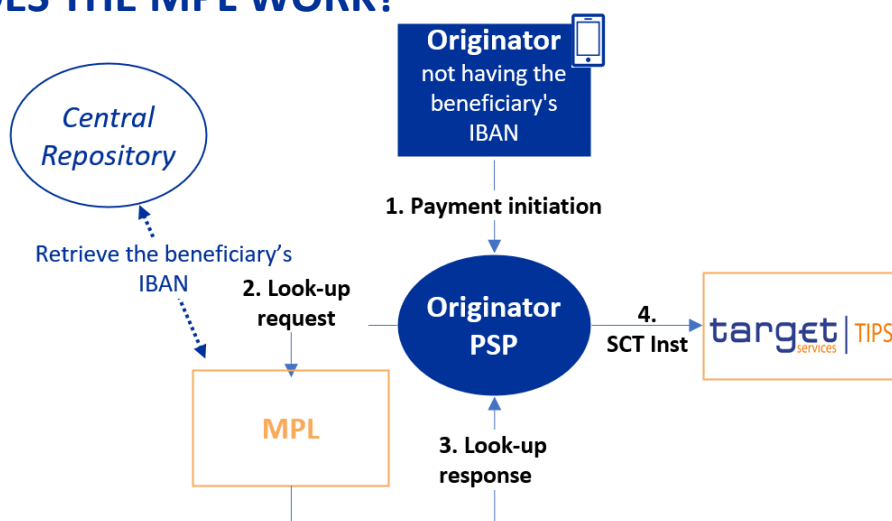

ABOUT MPL

- Optional and cost-free integrated in TIPS
- MPL enables **executing an instant payment** towards a beneficiary **identified with a proxy** (e.g. mobile number)
- How can the PSP access it? The MPL service is available to:
 - TIPS Participants
 - Reachable Parties
 - Instructing Parties

BENEFITS

- Offer value-added services to customers
- Enables end-customers to initiate an instant payment without knowing the beneficiary's IBAN
- Facilitates the use of instant payments through devices (e.g. smartphones)

HOW DOES THE MPL WORK?

LOOKING FOR VOLUNTEER PSPs – JOIN THE PILOT

- To **support the PSPs' smooth migration to MPL service**
- To **test** the internal adaptations of PSPs to MPL
- To **share** experience and comments
- To **explore interoperability and synergies**
